

EFFETTO

BY
ERNESTO GISMONTI

ERNESTO GISMONDI

Ernesto Gismondi is the founder of Artemide Group.

He was born in Sanremo (IM) on December 25, 1931. In 1957 he gained a degree in Aeronautical Engineering at the Milan Polytechnic and in 1959 he gained a degree in Missile Engineering at the Professional School of Engineering in Rome.

Since the early '60s he has been devoting to the planning and production of lighting equipment, founding Studio Artemide S.a.s., from which the Artemide Group was to develop, together with designer Sergio Mazza. He became established as an international designer, participating, as one of the inventors, in "Memphis", an avant-garde movement that brought about a profound evolution in the design sector both in Italy and worldwide, and designing various successful appliances for the Group.

SCENOGRAPHY

Defined by the fixture's name (Effetto means "Effect" in Italian), Effetto tells a powerful scenographic story. Used in a modular configuration, the wall mounted luminaire with single, double or four light beams is designed to create architectural effects using two beam options of narrow and large. Available in square and round. Available in grey white or anthracite grey.

TECHNOLOGY

Effetto is available with 1, 2 or 4 light beams, using monochromatic LED light sources. Light-diffusing lenses optimize the optical performance of the beams and establish their width, ranging from narrow to large.

EFFETTO ROUND wall

EFFETTO 1 NARROW BEAM wall

EMISSION
